You may reprint uncopyrighted SLCC Journal articles in any non-commercial form, provided excessive praise is given the author and the SLCC. However, what is written within may be PBS.

Well, anybody got any idea
what we are doing this
month??

I think I'll bring a laptop and
raffle that off....

**Bring
Big
Monies**

March Meeting:

LOCATION

**James P. Hanson Accountancy
Corp.
22973 Sutro St.
Hayward, CA**

Directions from South of Hayward:

Take 880 North to the Jackson St. East exit. Follow Jackson St. (about 1.5 miles). The 5th signal will be Meek Ave. Turn left. Look to your right and you will see a parking lot with tall palm trees and a one story rock covered building.

Directions from North of Hayward on 580:

Take Highway 238 exit, Foothill Blvd. Continue on Foothill about 2 miles to the Mission-Jackson interchange. Bear right onto Jackson St. (towards San Mateo Bridge). Turn right on Meek Ave. Look to your right and you will see a parking lot with tall palm trees and a one story rock covered building.

Directions from North of Hayward on 880:

Take Winton East exit towards downtown Hayward. Follow Winton St. to Jackson (about 2 miles). Turn left on Jackson St. Turn left on Meek. Look to your right and you will see a parking lot with tall palm trees and a one story rock covered building.

NEXT GENERAL MEETING

Tuesday

April 4th 2000

8:00PM

Nothing but Stuff!

The president convened the March meeting at the usual hour of eight PM. Still don't remember the Vice being around anywhere. (Over viced probably.)

The meeting was memorable in only one way the presence of one of our oldest and best known members, of course I can't remember who he was or what he ever did to be noted but maybe later.

President Bridges covered all the usual items, Questions, Answer and of course the items for the crooked raffle.

One thing the President forgot to mention was the upcoming Officers election for the 2000 through 2001 years. Though there will be a big crowd of nominees for each office it is highly recommended that all candidates be up front at the April meeting so they will not be overlooked. With a bit of luck there will be a better bunch of nominees available and we will have a bumper crop of Officers this coming year.

Oh yes, that disremembered member was none other than Bob Scholar, our 8 Bit software chairman for many years. Bob managed to build the SLCC 8 Bit software collection until there were few to equal it. Bob is still working on his Atari and enjoying it even as the rest of the world looks forward to multi gig CPU's. (No doubt a lot smarter than the rest of us.) *[no, I don't think so, Jim - he is cranking on a 550MZ PIII at the moment....]*

This week I have had the fun of playing with my son James's new 700 MHz. P3 computer. Even as I enjoy using it I also get a bit peeved, it was just a couple of months ago that I got my 500 MHz. machine and it was the best there was at that time. Even though the 700 is very good there are already at least three or four faster chips available. Or maybe I

should say supposedly available as even though they have been announced they are not on the market for normal people to purchase.

As I write this the DOJ and Microsoft are still wandering around trying to outfox each other. Seems to me that the ones that are going to lose out on this case are the little guys who use computers. I would bet the outcome of this trial will end up costing all of us users much the same as the outcome of the AT&T suit did a number of years ago. My local phone bill is about four times as big now as it was before the monopoly was broken up! Of course my long distant calls are much cheaper now. And that is important as I make one or two long distant calls every year or so. Oh well.

See all of you at the meeting on the 4th.

Jim Moran --- Secretary.

Club Officers:

President	Robbie Bridges	(510)797-5636 <i>rrbridges@home.com</i>
Vice President	Peter Chen	(408)259-9642
Treasurer	Glenn Fowler	(510)530-7128
Secretary	Jim Moran	(510)865-6122

Software Chairmen:		
8-Bit emeritus	Bob Scholar	(510)232-5330
